JOIN THE MISSION!

A college campus in Terre Haute is, in many ways, like a mission field in the 10/40 Window—95% of students are lost and dying without Christ. The culture is diverse, constantly shifting, and spiritually in need. It's different, dynamic, energized, confused, exploratory, innovative, and evolving. The changes over just the past 5 years have been dramatic.

So how can you join the mission? When you go on a mission trip, you serve others, experience a new culture, and share Jesus. You care for the missionaries, support their efforts, and help reach people in need. That's exactly what we need right here.

Here are some ways you can help us:

- Join us one Sunday a month
- Sponsor a Tuesday night meal
- Mow the BCM lawn
- Sponsor a student who has no family or funds to attend retreats
- Support us with a monthly donation

We deeply appreciate your prayers as the new school year begins this week. Let's do this—together! ~C&L

ALUMNI TYLER VOLUNTEERS...

During my first week at ISU, I only had a few friends, including Trenton and Avery, who lived next door in the dorms. I overheard them talking about going to church on Sunday, and since they lived close to campus, I asked if I could join. Though I was nervous, especially since I hadn't been to church in a long time without my family, I was warmly welcomed from the moment I walked in.

After a month of attending regularly, I began thinking about baptism but waited until I felt more ready. After Easter Sunday, I finally asked Pastor Paul and am now excited to take this step. The support I've received has been incredible, and for the first time, I truly feel like I belong.

8 YEAR ANNIVERSARY!

We've been here for 8 years, beginning our 9th school year. There was nervous nervous anticipation, excitement and fear of the unknown 8 years ago. So much has changed, many heartbreaks but we're still excited about this coming school year and what God will do! Please pray, satan is not excited and he is attacking us from all directions.

"We have yet to see a true disciple-making movement of God on the college campus because college ministers do not act like they are in a spiritual battle. They walk onto their campuses thinking that Satan will just hand over the most strategic demographic on the planet without a fight. You need at least a thousand people praying for you and your campus before you can expect any serious movement of God on your campus." Pray for us, college students, and for satan to leave us alone!

"Whoever believes in me, rivers of living water will flow from within them." John 7:38
